CANCER CENTERS OF FLORIDA-RADIATION ONCOLOGISTS RECEIVE BOARD CERTIFICATION

ORLANDO, FL, JUNE 14, 2007 –Bobbie Harrison, M.D. and Jordan Maier, M.D., Radiation Oncologists with Cancer Centers of Florida are now Board Certified in Radiation Oncology. Dr. Harrison trained at Duke University, Durham, North Carolina and Dr. Maier was trained at Wayne State University/Karmanos Cancer Institute, Detroit, Michigan. Dr. Harrison primarily sees patients at 52 W. Gore Street, Orlando, and Dr. Maier primarily sees patients at 1111 Blackwood Avenue, Ocoee.

“We are very proud of both Dr. Harrison and Dr. Maier for this accomplishment. Both of these physicians are strong contributors to our group, and we are excited about new things ahead”, said Carlos Alemany, M.D., Vice President of Cancer Centers of Florida.

Cancer Centers of Florida is a regional oncology and hematology practice with dedicated and caring physicians who treat approximately 5,000 new patients annually. They have been providing cancer care to the Central Florida region since 1994.

Cancer Centers of Florida is located in five practice locations: 52 W. Gore Street, Orlando, 70 W. Gore Street, Orlando, 1561 West Fairbanks Avenue, Winter Park, 1111 Blackwood Avenue, Ocoee, and 1804 Oakley Seaver Drive, Clermont, FL.

As partners with U.S. Oncology, Cancer Centers of Florida participates in one of

-more-

the world's largest networks of oncology specialists. Enhanced by the expertise of this network, Cancer Centers of Florida continues to offer patients access to state-of-the-art medical oncology and radiation oncology care.
